Kuhinjske radne ploče

Kuhinjske radne ploče imaju povećanu otpornost na ogrebotine, udarce, kemikalije i toplinu, stoga pružaju dugotrajnu kvalitetu. Ploče iverice oplemenjene laminatom, sa zaobljenim rubom ili sa ravnim rubom, najčešće se koriste. Osim njih postoji i cijeli niz radnih ploča koje imaju svoje prednosti i upotrebu kao što su Compact radne ploče, Top Mat radne ploče, masivne kuhinjske radne ploče, Getacore radne ploče. Površine kuhinjskih radnih ploča proizvođača Egger i Westag su antibakterijske i sigurne za pripremu hrane.
